

Tempered Glass Camera Protector for iPhone 17 Air

Product Description

This tempered glass camera protector is designed to safeguard the camera lenses of your iPhone 17 Air. It features high light transmittance, durable protection, and easy installation with an included applicator.

Specifications

- Light Transmittance: 95%
- Hardness: 9H tempered glass
- Design: Individual metal ring and glass lens cover for each camera
- Compatibility: iPhone 17 Air and iPhone 17 Air Plus
- Features: Scratch-resistant, case-friendly

Package Contents

- Tempered Glass Camera Protector(s)
- Applicator
- Cleaning Kit (alcohol wipe, microfiber cloth)

Installation Instructions

1. Clean your hands thoroughly.
2. Power off your iPhone 17 Air/17 Air Plus.
3. Clean the camera area using the provided alcohol wipe, then dry with the microfiber cloth.
4. Remove the protective film from the back of the camera protector.
5. Using the applicator, align the camera protector with your phone's camera lenses.

6. Gently press down on the protector. It will adhere to the lenses automatically.
7. Ensure there are no bubbles. If present, gently push them towards the edges.

Key Features

- High Clarity: 95% light transmittance ensures your camera's performance is not compromised.
- Durable Protection: 9H hardness tempered glass and individual metal rings protect against scratches and impacts.
- Easy Application: Designed for bubble-free installation and compatibility with most cases.
- Precision Fit: Laser-cut for exact alignment with iPhone 17 Air camera lenses.
- Residue-Free Removal: Can be removed without leaving sticky residue on your device.

Care and Maintenance

- Clean the camera protector regularly with a soft, lint-free cloth.
- Avoid using harsh chemicals or abrasive materials for cleaning.

Safety Precautions

- Keep out of reach of children.
- Do not apply excessive pressure to the camera protector.
- In case of breakage, handle carefully to avoid injury from glass shards.
