- Features: Anti-fingerprint, Anti-scratch, Plasma fingerprint oil coating
- Water Resistance: Initial water drop angle of 110 degrees
- Durability: Withstands 64G ball drop from 50cm for 3 times without breaking, 10 pass 8

Package Contents

- 2 x Privacy Tempered Glass Screen Protectors
- 1 x Reusable Applicator

- 1 x Cleaning Kit (alcohol wipe, microfiber cloth, dust removal sticker)

Installation Instructions

1. Clean your hands thoroughly.
2. Power off your iPhone 16 Pro.
3. Use the provided alcohol wipe to clean the screen, then dry with the microfiber cloth.
4. Use the dust removal sticker to remove any remaining particles.
5. Align the reusable applicator with your phone's screen.
6. Remove the protective film from one of the privacy screen protectors.
7. Carefully place the screen protector onto the applicator, ensuring proper alignment.
8. Press down on the center of the applicator and slide your finger outwards to apply the screen protector.
9. Once applied, remove the applicator carefully.
10. If any bubbles remain, gently push them towards the edges using the microfiber cloth.

Privacy Feature

The two-way privacy filter limits the viewing angle of your screen, protecting your information from side views while maintaining clarity when viewed straight on.

Care and Maintenance

- Clean the screen protector regularly with a soft, lint-free cloth.
- Avoid using harsh chemicals or abrasive materials for cleaning.
- If the screen protector becomes damaged, replace it with the second one in the pack.

Safety Precautions

- Keep out of reach of children.
- Do not bend or apply excessive pressure to the screen protector.
- In case of breakage, handle carefully to avoid injury from glass shards.
